Richfield, UT 84701

Dear Mr. Farnsworth:

RE: ML 45726-Building Stone/Limestone
S/039/005 Sanpete County

On January 29, 1993, you were notified by the division that you must perform a cultural resources survey upon the lands which you have proposed for mining under the above numbered lease. The division has received no response and presumes that you have decided not to go forward with the project at this time.

If a completed cultural resources survey of the affected lands is not received within the next 30 days your notification of intent filed with the division in November, 1992, will be de-activated. It will then be necessary for you to file a new notice of intent prior to commencing any mineral exploration or mining operations upon these lands in the future.

Sincerely,

JOHN T. BLAKE
MINERAL RESOURCES SPECIALIST

JTB/tdw
